Statistical Survey

As you are aware, each year CBA sponsors an annual statistical program designed to provide important statistical data related to the number of members and churches participating in various denominational pension plans and financial information about benefits.

Each organization recently received their copy of the survey and for the first time, you can submit your organization's benefit information online! Visit the Web site at www.cbaseservices.org/cbasurvey to submit your information. But, hurry because the deadline is September 12!

Speaking of which...the **Annual Meeting** is quickly approaching...will you be there?
